Sheltie Club members are given 1st priority and Sheltie guests 2nd priority for working spots. Each dog will be worked twice, about 10 min. each time. Participants will learn not only from their own time with Brian, but also by watching other people work with their dogs. Dogs will be worked in a round pen on sheep.

Brian was the former herding instructor at the Canine Ranch in Canton, GA, and is now the shepherd and owner of Ewe-niversally Green, a service that uses sheep and goats to clear vegetation in the city of Atlanta. Brian is also a reputable breeder of herding and livestock guarding dogs and his dogs are in high demand due to their great work ethic and excellent temperaments. Last year this team was awarded the "Most Promising Young Dog" and this year they have been invited to compete all over the country and Europe. .

Don't Miss This Exciting Herding Opportunity!

Working spots are limited to 20, so rsvp early.
