If all slots are not filled, you can take your dog back into the pool. There is a limit of 5 dogs in the pool at a time. The cost is \$15 per dog due at the event. ### **Things to know:**

- You may wear shorts and a t-shirt or something else into the pool instead of an actual swimsuit.
- If you want your dog to try swimming, but do not want to get into the pool, we have several club members that are willing to go into the pool with your dog.
- If you have a life jacket, raft, or other water toys for your dog, please bring them. Several members have life jackets that you may borrow, and Rotten Dog sometimes has some you can borrow.
- If you have other dogs that are not shelties, you may bring them with you.
- If you want to be in the pool specifically with another owner and their dogs, please give us that information in the form.
- If you have friends with dogs that are not shelties, but would like to swim, you may invite them to fill out a form with the understanding that shelties and members of the Shetland Sheepdog Club of Georgia get priority, if there is not room.
